Joni 7 Drawer Dresser Natural

If your bedroom could use a calm reset, start with Joni. Rope-inspired turned detailing and a subtle Grecian influence give it presence, while the natural finish keeps things easygoing. Built with Canadian western hemlock, it's designed to feel warm and grounded without going heavy. Seven drawers create the kind of storage that actually changes your mornings—tees, denim, linens, all with a home. Classic cues, practical payoff, and a look you won't tire of.

- Rope-Turned Charm: Rope-style turned details add rhythm and depth, blending traditional references with a Grecian nod for a dresser that feels considered, not costume-y.
- Canadian Hemlock Frame: Crafted with Canadian western hemlock wood in a natural finish, paired with veneered panels to help keep the silhouette stable over time.
- Seven-Drawer Storage: Seven drawers deliver serious organization—easy categories, less rummaging, and a cleaner top surface that stays ready for your daily essentials.
- Everyday Function: A well-planned drawer layout supports real routines, from folded basics to bulkier items, so the room feels lighter and more sorted.
- Open-Drawer Safety Stops: Built-in safety stops add stability, support, and tip-over prevention, bringing a layer of security to everyday use.
