Serenity's Palette 1

D2809S56165-4721

Serenity's Palette 1 is a composition of contrasts that combines linear shapes and organic forms dynamically arranged on the picture plane. An exquisite composition on textured paper, this piece challenges the eye by offering a variety of elements that demand attention. A solid block of color is punctuated by dark stitching and small spheres that provide anchor. A brick-like object offers a focal point while hand-drawn biomorphic objects add dimension. A natural color palette in pale sand, mustard, and greige with accents in crimson and pumpkin enhances the contrasting nature of the work. A dynamic and rich work of art, Serenity's Palette 1 is a striking addition to ART by TA.
