

# FZU30L

|                |              |
|----------------|--------------|
| Product family | Freezers     |
| Installation   | Built-in     |
| Category       | One Door     |
| Cooling type   | No-frost     |
| Hinge          | Door-to-door |
| Hinge position | Left         |

## Aesthetic

|               |                 |                       |              |
|---------------|-----------------|-----------------------|--------------|
| Aesthetics    | Universal       | Logo                  | Silkscreened |
| Material      | Stainless steel | Drawers profile color | Silver       |
| Side material | Metal           | Display               | TFT          |
| Side color    | Steel           |                       |              |

## Freezer features

|                   |     |
|-------------------|-----|
| Freezer lighting  | Yes |
| Freezer lighting  | LED |
| Number of drawers | 4   |

## Other Freezer features

|           |            |
|-----------|------------|
| Ice maker | Automatico |
|-----------|------------|

## Other technical features

|                      |                                            |                      |          |
|----------------------|--------------------------------------------|----------------------|----------|
| Display functions    | Holiday, Fast-freezing, MultiZone, Sabbath | No. of compressors   | 1        |
| Fast-freezing button | Yes                                        | Refrigerant gas type | R600a    |
| Power-on light       | Yes                                        | Type of compressor   | Inverter |
| Door-open alarm      | Yes                                        | Refrigerant quantity | 85 oz    |
| Antibacterial Gasket | Yes                                        | Foam agent           | Other    |

Type of temperature control      Electronic

Performance / Energy Label

Total volume      119.4 gal

Electrical Connection

|                      |       |                   |                |
|----------------------|-------|-------------------|----------------|
| Nominal power rating | 344 W | Frequency (Hz)    | 50 Hz          |
| Current              | 2,5 A | Power cord length | 78 3/4 "       |
| Voltage              | 115 V | Plug              | (B) NEMA 5-15P |

|                                                                                  |                                                                                                                                                                                             |                                                                                   |                                                                                                                                                                                                                                         |
|----------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|  | Fast freezing: The fast freezing function brings the temperature of the compartment down when activated a few hours prior to usage.                                                         |  | Power saving mode: The power saving mode allows you to disable the refrigerator and keep the freezer working.                                                                                                                           |
|  | LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.                                                                       |  | Inverter technology: The evolution of Smeg's driers towards more intelligent and environmentally sustainable models has led to the choice of using Inverter technology with heat pumps, which reduces significantly energy consumption. |
|  | Multizone: Multizone compartment can be used as a refrigerator or a freezer compartment. Depending on your needs and eating habits, you can select settings, program the temperature using. |  | No Frost: The No Frost and Frost free systems prevent ice from forming so that no defrosting is required.                                                                                                                               |
