4 Choose your optional base nail pattern. Select a #9 or #54 nail trim.

5 Choose your foot/base option. A base option must be specified.

Note: All foot options have a height of 2-1/2". When paired with the exposed wood base, the total base height becomes 3-1/2".

6 Choose your wood finish.

Select from hundreds of finishes — standard stain or paint finish, metallic paint, MIY paint, artisan wood finish or premium leaf finish. Customize your piece even further by adding an optional* embellishment such as highlight striping, sheen level option or distressing level. *Optional charges may apply.

Abingdon pairs well with our Lockwood occasional tables.
