Brand: PFC

Product Description: Gathering around the Higgins Street Round Dining Table with an Urn Shaped Pedestal Base becomes an experience. An array of chair styles can be matched with the table, from classic upholstered seats to modern and minimalist designs. The unique design elevates the visual appeal of your dining area and sets the stage for memorable meals and engaging conversations.

Collection Features: The Higgins Street collection gathers elements of traditional English and French designs, casualized for the modern consumer by its updated finishes and functional scaling. Capitalizing on the familiarity and interest of these rich histories, this collection, both suited and individual, is a compilation of two distinct but complementary lifestyles.

Status: Active

Finish: The Fresh Milk finish evokes a sense of purity that effortlessly adapts to its surroundings

Features: An eclectic mix of antique French and English styles with modern design elements offer a curated look

The round, generously sized tabletop accommodates your guests comfortably

The urn shaped pedestal base adds a captivating and artistic element to the design

Intricate sculptural details add a sense of grace and allure

Material: Hickory Veneers

Frame Construction: Pulaski uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
