## Atelier Framed Painting

Fresh florals but framed. Atelier reimagines the still life with a modern sensibility. Inspired by vintage oil works, it layers rich tones and soft brushwork into a floral that feels curated. Framed to feel intentional and styled to bring warmth, it's a quiet standout for walls that want something classic, with a twist.

- Still Life in Bloom: A classic still life that captures the enduring beauty and grace of a rich, warm floral bouquet.
- Artfully Framed: A solid wood frame showcases a palette filled with interest.
