The Modernist Collection

dacor

The Modernist Collection

For over fifty years, Dacor's luxury appliances have built a legacy of craftsmanship and breakthrough innovations. From the first self-contained ventilation hoods for the residential market, to among the first smart ovens, our history has been defined by delightful innovations featuring beautiful design, intuitive technology, and superior performance.

Today, Dacor is once again reinventing the kitchen with visionary new cooking and cooling experiences that deliver breakthrough innovations, and beautiful and seductive design features. Its intuitive interfaces will surprise and delight today's home chefs and entertainers, making dish preparation effortless. Dacor luxury innovations will ignite your creativity and spark unique, entertaining experiences that bring people together, creating unforgettable moments.

Dacor's Decades of Innovation

1948

Stananthony Corp. founded

Self-contained Ventilation Hood:
First complete system for the residential market

1957

Indoor Electric BBQ:
Patented indoor barbecue for year-round use

1965

The birth of Distinctive Appliances Incorporated

1975

Six-burner Modular Cooking System:
Created full kitchen capacity for compact
kitchen areas

1977

Full-sized, Self-cleaning, Drop-in Modular Range

1980

Microwave Oven/Ventilation Hood Shelf

1981

Modular Cooking System with Overhead
or Downdraft Ventilation

1982

Full-size, Self-cleaning, Drop-in
& Free-standing Modular Range

1984

Solid Burner Module

1985

Four- & Six-burner Gas Cooktops with
Continuous Platform Grate Design and
Overhead or Downdraft Ventilation

1987

30" Pure Convection™ & Self-cleaning Wall Oven
for wall or under the counter installations:
New industry category accommodated the needs
of home chefs with larger oven capacity

1989

Five Burner, Sealed-gas, Glass Cooktop

Monochromatic Styling Ceran® Glass Cooktop
Module with Halogen/Quick Start Elements

1990

Five-burner Ceran Cooktop with
Halogen Elements

Raised Ventilation Downdraft System
with Electronic Control

1991
30" Double Wall, Pure Convection
& Self-cleaning Oven

1993
27" and 30" Double Electric Wall Oven with
Two (Larger) Pure Convection Cells

Dual-fuel Gas & Electric Cooktop Cooking

1994
27" Warming Oven

1995
Four-sided Beveled Glass Electric Cooktop
with "Touch Controls"

The Dacor Great™:
14" Grate Allows for a 40% Larger Cooking Surface

Professional Dual-fuel Ranges
set the standard for luxury

1996
An All-gas Convection 30" Range with
Self-cleaning Oven

48" Cooktop with a One-piece, Easy-to-Clean
Spill Basin & Sealed Burners

1997
World's first patented Infrared Ceramic Gas Broiler
inside a Pure Convection Self-cleaning Electric Oven

1999
Introduced a Butterfly Bake Element™:
Created a higher performance traditional
bake mode

2001
First Outdoor Grill with Halogen Lights

First "Fully" Integrated Warming Oven

2002
Epicure 52" Outdoor Grill

2003
Largest Capacity Dishwasher in the Industry
(30" wide): 40% greater capacity than
any other dishwasher

2005
Wall Oven Discovery Controller

S G Cookware Collection

2013
Discovery iQ Wall Oven:
First smart oven with an integrated wireless tablet,
creating the connected kitchen

2017
Modernist Collection launches new era of innovative
and intelligent luxury for the kitchen

Refrigeration

Lights. Camera. Action.

Stylish innovation takes the stage as alluring design and intuitive technology come together in the Modernist Collection Refrigerators and Freezers. Understated, true-flush doors in graphite brushed stainless steel open to dramatic effect. A dazzling interior, inviting LED lighting, and Cocktail Ice™ transform dinner time into show time. EPA-awarded and Energy Star-compliant, our refrigeration solutions feature powerful food preservation systems and integrated Wi-Fi and dual interior cameras make on-the-go meal planning a breeze. Available in a range of sizes, our high-touch, high-tech refrigerators and freezers are the centerpiece of any dream kitchen.

Cool Choice

With our complete line-up of refrigerators and freezers, Dacor gives you the freedom to design your dream kitchen. True-flush installation ensures our impressively tall door exteriors will integrate beautifully into any kitchen design. Choose from multiple sizes and configurations, and install the columns separately to suit a unique space or side-by-side for a more traditional look. Whether you select our silver or graphite stainless steel finish, these sleek columns will steal the show.

Refrigerator Columns

All of our refrigerator columns are beautiful inside and out. Available in 24", 30", and 36" widths, with right- or left-hand door swing, they feature advanced technology that preserves food at peak freshness and helps you manage your kitchen.

Freezer Columns

Our freezer column line-up features a variety of sizes, so you can make the most of your ideal kitchen layout. From the slender 18" to the generous 36", our range of freezer models offers unparalleled selection.

Refrigerator and Freezer Columns

Like the perfect host, our true-flush refrigerator and freezer columns bring people together and spark conversation. Inside, expansive LED lighting illuminates the stunning stainless steel walls and aluminum and glass accents. Intuitive features like iQ Remote View™ with dual cameras, Push-To-Open Door Assist™, and the waist-high Hidden Touch Control Panel simplify shopping and kitchen tasks. There's refreshment on tap with our interior filtered water dispenser and dual icemaker featuring Cocktail Ice™. PreciseCooling™ technology, along with dedicated compressors and evaporators in each column, maintain food freshness and preserve flavor – because memorable evenings begin with the best ingredients.

Unparalleled Design

- True-flush refrigerator and freezer columns

- SpaceMax™ large capacity storage

- Authentic materials: stainless steel interior walls, glass and aluminum details

- 3DLighting™: LED lighting flush with ceiling and walls

Thoughtful Innovations

- Push-To-Open Door Assist™

- Hidden Touch Control Panel at waist height

- FreshZone™ Drawer with three temperature settings for meat/fish, chilled drinks or dairy

- iQ Remote View™ with dual cameras

- Dedicated compressor and evaporator for each column

Refreshing Touches

- Interior water dispenser in every refrigerator column

- Dual Icemaker including high performance standard ice maker in every freezer column with Cocktail Ice™ Maker in 24", 30", and 36" models

- Separate water filters in every column for fresh filtered water and ice

French Door Bottom Freezer

Whether you're throwing an intimate dinner or a lavish feast, our Energy Star-rated French door refrigerators can handle it all. Spill-proof, low-profile glass shelves easily accommodate a multitude of foods and beverages. Never run out of room with SpaceMax™ large capacity storage and a hidden freezer storage compartment. Full extension, soft-close drawers and customizable storage racks allow the refrigerator to adapt to your entertaining needs. Best-in-class food preservation technology keeps everything fresh and flavorful. The French door model houses a dedicated compressor and dual evaporators, and PreciseCooling™ ensures even airflow distribution. FreshZone™ Drawer with customizable temperature settings help you maximize the life of your ingredients for unforgettable meals.

Spacious and Versatile

- SpaceMax™ large capacity storage

- Full extension, soft-close doors

- Customizable storage racks

- Spill-proof, low-profile glass shelves

- Hidden freezer storage compartment

- Stainless steel interior with illuminated LED light columns

Fresh and Flavorful

- PreciseCooling technology minimizes temperature fluctuation

- FreshZone™ Drawer with customizable temperatures for flexible food storage

- Two evaporators and compressor for ideal food preservation

Interior Water Dispenser   Spill-proof, Low-profile Glass Shelves
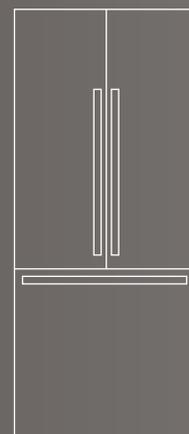

Available in Panel-ready or Silver Stainless Steel. Panels, handles and kick plate sold separately.

Cooking

Savor the Moment

Transform ingredients into signature dishes and meals into memories. The Modernist Collection cooking line blends innovative technology and thoughtful design for extraordinary performance. All ovens feature Real Steam™ or Steam Assist for a healthy, versatile cooking solution that preserves moisture and nutrients in food. Four Part Dual Pure Convection ovens deliver superior heat and airflow distribution for faster and more even baking, roasting, and broiling. Cooktops offer dual-stack burners and induction Flex Zones™ for maximum flexibility. Smart technology like built-in Wi-Fi and the Dacor iQ Kitchen App make multi-tasking easier. Ambient exterior lighting and beautifully functional interior lights set the mood while the VirtualFlame™ and LCD touch panels surprise and delight. Powerful, smart, and alluring, our cooking products make every meal a masterpiece.

Pro Dual-Fuel Steam Ranges

Illumina™ knobs and ambient lighting

7" Tilt-up LCD Touchscreen Control Panel

Real Steam™ Oven

Get the best of both worlds in our Pro dual-fuel steam ranges. Real Steam™ offers a healthier, faster, and more versatile preparation combined with the power of convection. Complex menus are no match for the Four Part Dual Pure Convection oven where you can cook different types of food without odor transfer or uneven cool and hot zones. Dual-stack sealed burners are powerful enough to sear meat yet precise enough to melt chocolate. Warm and sophisticated ambient lighting complements our Illumina™ Knobs while BrightVue™ interior lighting gives everyone a peek into cooking progress. SoftShut™ Doors and Glide Racks keep things running smoothly, and built-in Wi-Fi gives you complete control even when you're away from the kitchen.

- Real Steam™ available in 48" Pro Range (small oven)
- Steam Assist in 36" Pro Range oven
- Four Part Dual Pure Convection
- Ambient lights and Illumina™ Knobs
- BrightVue™ interior lighting combines LED and halogen for clear viewing
- Powerful 22k BTU burners and integrated electric griddle
- Wi-Fi Smart iQ Control with App
- 7" LCD touchscreen control panel

Combination Speed Oven

Convenience and sleek style help make the most of your kitchen space with the combination oven. We've combined microwave convection, pure convection, and steam cooking into one, so you can defrost, proof, broil, and reheat with convenience and ease. The upper microwave convection oven features advanced cooking modes to sear with speed-convection or healthy-fry foods. Make juicier food, flakier crusts, and more vibrant vegetables in the lower oven, which offers Steam Assist for steam roasting and baking. An LCD touch panel plus remote Wi-Fi monitoring and control via the Dacor iQ Kitchen app give you precise control over the entire unit. Flush installation means only your food will stand out.

Double & Single Convection Wall Ovens

Our convection wall ovens in single and double configurations blend Steam Assist and Four Part Dual Pure Convection for powerfully precise cooking and baking. Steam roast and steam bake modes use the benefits of moisture to help turn out healthy, flavorful dishes, from colorful, nutritious vegetables, to flaky pastry, to roast turkey. Interior BrightVue™ lighting and the temperature probe help you pinpoint doneness, while the LCD touch panel and iQ Control give you total command. The Modernist Collection wall ovens ensure every meal is worthy of applause.

Pro Rangetops

Our pro rangetops, available in 36" or 48", combine beauty and function to help you create unforgettable meals. Each features an electric griddle and high-powered dual-stack sealed burners with a range of 22K BTU down to precision simmering and melting at low heat. We're proud to be the first to offer a cooking surface coated in a premium Diamond-Like-Carbon finish that is highly durable, heat-resistant, and easy to clean. Not only is this finish functional, it beautifully reflects light to create warmth alongside our Illumina™ Knobs and ambient lighting. With integrated Wi-Fi for remote monitoring and Bluetooth®-enabled auto connectivity to the hood, you're in control of the kitchen, even while entertaining.

Graphite Stainless Steel

Silver Stainless Steel

• Four (36") or six (48") dual-stack sealed brass burners

• Electric griddle

• Dual brass burner with range from Simmer to 22k BTU

• Illumina Knobs and ambient lighting

• Integrated Wi-Fi/iQ Control

• Auto-connect to hood

36"

48"

Gas Cooktops

Style meets substance in our beautifully functional gas cooktops. Our 30" and 36" gas cooktops feature a central 18.5K BTU dual brass burner and four or five sealed burners, respectively. Plus, all burners automatically reignite if accidentally extinguished from gusts, water, or vibrations. Alluring Illumina™ Knobs bring sophistication, as does the elegant Diamond-Like-Carbon coating finish that stands up to intense heat, cleans up easily, and reflects light evenly with no glare. Integrated Wi-Fi and iQ control with Bluetooth® connectivity to the hood make this one smart cooktop.

- 18.5K BTU dual brass burner
- Sealed cooktop burners
- Dishwasher-safe illuminated knobs
- Integrated Wi-Fi/iQ Control
- Auto-connect to hood

Dishwasher

After dinner, relax with your guests while our Modernist Collection dishwasher does the work. Our 24" dishwasher has three racks to accommodate up to 14 place settings. WaterWall™ Technology evenly distributes a high-pressure wall of water from corner to corner for crystal clear dishes. Our Zone Booster™ technology, featuring five nozzles, offers the industry's widest targeted cleaning zone. With quiet 42dB operation, you'll only hear the laughter and good conversation. At the end of the cycle, the AutoRelease™ feature opens the door to release steam while the fan manages moisture. Clean up beautifully with our Modernist Collection dishwasher.

Powerful, Versatile and Quiet Performance
