MOE'S

Eero Bookcase Large Black

Your books called—they want better architecture. Eero brings gallery energy to storage, pairing a solid oak frame with an arched support that feels equal parts structure and statement. The dark finish leans moody and modern, letting your objects pop while the silhouette stays calm and composed. Oak-veneered shelves keep the look cohesive and ready for the good stuff: novels, ceramics, and the pieces you actually want seen.

- Arched And Artful: A clean, modern bookcase profile with a sculptural arch support that adds architectural interest without making the room feel busy.
- Oak, Inside Out: Solid oak frame paired with oak veneer over MDF shelves for a consistent look that highlights wood grain in a deep black finish.
- Sturdy, Considered Frame: The solid wood structure is designed to feel grounded and reliable, keeping the larger silhouette visually balanced.
- Display-Ready Shelving: Open shelves give books, keepsakes, and collectibles a proper home, with an easy layout that updates as your collection grows.

Item Code	BC-1158-02
Swatch Code	
Country Of Origin	VIETNAM
