A throw-back to the Industrial Age, our Solfeggio Bronze Floor Lamp is made of metal in an oil-rubbed bronze finish. The thin stem atop a stacked base lifts an opaque glass shade in a time-honored shape that has been popular for centuries.

The quality of the glass means the bronze floor lamp will glow softly when the light is switched on. Ian Thornton designed this timeless piece, which has an extra-long base so it can be slid beneath the back of a bedside table.
