Reserve Sideboard - GC1221

PRODUCT SUMMARY

Collection: Any Finish, Any Size, Guy Chaddock, US Made

Features: Guy Chaddock always keeps things in proportion. At a modest 16 inches deep, the Reserve Sideboard is the perfect solution for tricky smaller spaces. While we call Reserve a sideboard, this piece performs admirably beyond the dining room. Shallow depth, but hardly a design lightweight. Think media credenza or foyer console, for example. Plus, modern-minded storage space resplendent behind two doors and two drawers. Three adjustable shelves, one center and one on each end. Drawer glides available in choice of wood or soft closing. Dark Antique Pewter hardware. Available in Maple or Oak and customization is possible.

Rooms: Dining Room

Type: Credenza

Style: Traditional/Formal

Additional Information: Designed & Crafted in the U.S.A.
