

# All Together

## Caracole

The elegance of geometry was inspiration for this dually functional table, composed of two demilune shapes that come together and form a perfect circle. Introduces an industrial yet luxurious aesthetic in a Champagne Gold finish, designed with a double wall of bent metal to create a cantilevered upper and lower shelf. Tuck beneath our Bridge the Gap table for a unique cocktail table that melds sleek metallic curves with a tactile form in a soft rib cloth fabric with a blush gold tone. Or, pull apart to style as individual end tables.
