MSI2FM– FLOURISH FIRM ET

Comfort Quilted:

TENCEL™ BREATHABLE FABRIC

The hallmark of a luxury mattress. Natural Tencel fabric is breathable, so heat actively moves through the fabric to maintain a cool, comfortable sleeping environment all night long.

Heat Dissipation:

COOL BOUNCE COPPER FOAM

Copper infused foam regulates temperature for deeper sleep and contains naturally anti-microbial properties.

Responsive Energy Foam

ENERGIZE FOAM LAYER

A proprietary foam blend that responds differently depending on the temperature of the sleeper. When cool, it responds to the body like memory foam, but when warm has the bounce resistance of latex foam.

25% More Support:

9-SERIES NESTED WRAPPED COILS

9-Series coil system: Independent coils adjust to your body's unique shape for personalized pressure relief and comfort. Tri-Zoned for back support.
