**Product Description:** The Banyon Bay Display Cabinet is a striking piece, perfect for showcasing your favorite dishes or decorative items. The glass front and sides allow for maximum visibility, while the brushed brass framing and open shelving offer a modern, industrial feel. The cabinet includes adjustable glass shelves, LED lighting, and mirrored back panels to enhance the display of your collection. The wire-brushed Desert Oak finish ties the whole piece together, making it a showstopper in any dining room.

**Collection Features:** Developed with an eclectic mindset, Banyon Bay is youthful and cool, combining precise geometry and gentle contours with natural textures and materials. Delivering smooth contemporary lines, this modern collection is a perfect fit for a casual lifestyle, moving effortlessly between urban, coastal, and mountain settings. Modestly scaled, this collection features white oak veneers and solids in a light Desert Oak finish, accented with an authentic mix of organic materials, creating a cohesive, casual look.

Status: New

**Finish:** The multi-step Desert Oak finish features wire-brushing and cerusing. The stainless steel door frames and custom bar hardware feature a soft Brushed Brass finish.

**Features:** Touch-activated LED lights in top  
Metal-framed glass doors in Brushed Brass finish  
Open glass sides  
Three adjustable glass shelves  
Six drawers  
Mirrored back panel  
Plinth base

**Material:** White Oak Solids, Oak Veneers and Glass

**Drawer Construction:** Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

**Finish Construction:** Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

**Frame Construction:** Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
