

## WALTHAM

SECTIONAL | SM5192-SECT

### DETAILS:

If space is a challenge, nothing is better than a chaise-sofa combo. This sectional is fully upholstered in plush chenille in a shade of gray that's soothing and made for any contemporary home. The loose cushions are zippered and reversible, so they are easy to clean and maintain. Snuggle up with the coordinating throw pillows or lean against the soft padded armrests. Better yet, stretch your legs out on the chaise for a relaxing weekend afternoon or rest your legs on top of the optional matching ottoman.
