## ARRAY ROUND DINING TABLE - COMPLETE

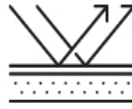

A room that is well suited for a round table is most often also a space where the base of the table will get noticed. And that makes the Array dining table an excellent consideration where round dining is an option. The lines are both distinctive and yet simple as they enhance the character of the solid cherry without fuss. And if the base is a good supporting role for such beautiful material, then the top is the star of the show. And to keep the table looking great even with everyday use, Kincaid Furniture's KinGuard performance finish is used as a protective clear lacquer to help protect the finish from everyday spills.

- Cherry

Solid Wood - Made using genuine solid wood construction
