

ETNA Fermo 16"

Maximum freedom. High performance. Full pizza experience.

Witt ETNA Fermo 16" carries the unmistakable ETNA DNA – powerful heat, clean design, and uncompromising performance – but with a presence entirely its own.

At the heart of the Fermo is its solid, fixed 16" pizza stone - a spacious, steady cooking surface that gives you the freedom to cook anything: classic Neapolitan pizzas, deep-pan Detroit-style, fluffy focaccia, seared vegetables, baked fish, or rustic sourdough loaves.

Powered by a robust U-shaped main burner, the ETNA Fermo is a sturdy, stylish oven that brings the full ETNA experience to your patio.

All-Season Performance
Durable, and insulated – made to deliver perfect results, from summer nights to winter gatherings.

Bakes pizza in 60-90 sec
Fast baking without compromising on texture or flavor.
Crispy edges. Soft center.

U-Shaped Main Burner
The U-shaped burner ensures stable, even heat all around the pizza for consistent results.

Features

Witt Pizza ovens are built to make cooking feel easy, not demanding. They save time, remove friction, and invite you to stay present. Thoughtfully designed and made to last, they turn everyday cooking into moments worth keeping, season after season, without asking more from you than it should.

15 min

15-Minute Heat-Up
Preheats quickly and adapts for blazing bakes or low-temp classics like Roman or New York.

Double-Layered Insulation
Improved heat retention and energy efficiency – ensuring consistent performance year-round.

Knob & Push Controls
Turn for gas, push for electric ignition, and a dedicated button to spin the stone.

Instant Flame Control
Gas gives fast heat, quick recovery, and freedom to stay in the moment from first to last slice.

Award-Winning Design
Part of the acclaimed ETNA series – recipient of both iF and German Design Awards.

16" 40,5 CM

Generous 16" Capacity
Fits pizzas up to 16"/40.5 cm – generous capacity without taking over your outdoor space.
