Royce Small Mirror Bronze

Hammered circles put a frame around the shine. Embossed circular indentations run around the wide hammered iron frame, giving the Royce small mirror a handcrafted look with plenty of presence. Antique brass brings warm contrast around the glass, while the generous frame makes it read as both mirror and wall accent. It catches light, throws pattern, and holds the room's attention with a steady metallic beat.

- Hammered Halo: A wide round frame with embossed circular indentations gives the Royce mirror a bold, handcrafted presence, so the silhouette feels intentional from every angle.
- Antique Brass Iron: Iron in an antique brass finish brings warm contrast around the glass, adding depth and metallic definition, so the surface keeps changing in the light.
- Mirror And Accent: The generous frame gives the piece decorative weight, while the glass keeps light moving through the room, while keeping the design useful day to day.
