POPULAR ACCESSORIES

XO makes a line of accessories to help your installation go easily, such as:
Over 90% of all XO models have a dedicated recirculation kit option available.
Stainless steel liners for custom wooden hoods using our XO127 and XO128 models.

Recirculation Kits & Filters:

When venting is impossible or impractical, Most XO models have a recirculation solution for secondary charcoal filtration prior to returning exhaust air to the room.

XOILINERS:

Stainless Steel, Factory made to fit.
Available in two widths 30" and 36" to accommodate our popular XO127 and XO128 Inserts.
These two part liners allow you to adjust depth easily.

POPULAR ACCESSORIES

XO makes a line of accessories to help your installation goes easily.
Telescoping duct covers to accommodate ceilings up to 10' high.
Fully automatic Make-Up Air dampers where higher air flows mandate such a solution.

Extended SS Duct Covers:

Every wall chimney model and island model comes with a duct cover that will telescope to fit up to a 9' ceiling.
For installations with 10' ceilings, XO makes optional telescoping covers for every wall chimney and island unit.

XOMA06 and XOMA08:

Fully automatic
One collar senses air flow and sends a signal to open and close a damper to admit fresh air into the home.
The XOMA06 is sized for a 6" diameter duct.
The XOMA08 is sized for a 8" diameter duct.
