

## OLBIA

3 PC. TABLE SET | CM4199A-3PK

### DETAILS:

Simple in shape and design, this three-piece table set is a great example of how materials can be the star of the show. The round or oval table tops perfectly mimic the look and texture of natural wood. This replicated wood material is made of paper veneer and is found on the base of each table as well. On the other hand, the U-shaped metal frame is sand black in color, complements the lighter panels for that undeniable industrial look.
