MOE'S

Garbo Screen Deep Olive Lacquer

Divide the room without killing the flow. Garbo turns open spaces into zones, giving you privacy when you want it and openness when you don't. Three tall panels fold and fan out on smooth hinges, so you can angle light, block a doorway, or frame a corner. A solid rubber wood frame supports high-gloss lacquer over MDF in a rich deep olive finish. Move it once, and the layout feels newly intentional in any room.

- Modernist Three-Panel Form: Tall, clean-lined screen brings structure to open plans, creating separation without heavy walls and adding a bold, design-forward silhouette.
- High-Gloss Lacquer Finish: High-gloss lacquer over MDF delivers a polished look, paired with a solid rubber wood frame in Deep Olive lacquer.
- Solid Frame Support: A rubber wood frame adds stability around each panel, while reinforced hinges keep the structure steady as you reposition and fold.
- Flexible Room Divider: Angle the three panels to screen a workspace, soften a bedroom entry, or create a backdrop that shifts with plans.

Item Code	EW-1040-27
Swatch Code	
Country Of Origin	CHINA
Product Materials	Frame: Solid Rubber Wood, Panel: High Gloss Lacquer Over MDF, Solid rubber wood frame+MDF
General Dimensions	68.75" W X 1.18" D X 68.5" H
