

# SPL3LCR SoundBar

1.5" SHALLOW DEPTH LCR SOUNDBAR

## (6) 3.5" (89mm) High Excursion Woofers (3) 1" (25mm) Neodymium Soft Dome

The new James SPL3LCR SoundBar is part of a wide variety of SoundBar designed to deliver excellent sound to any home entertainment system. The SPL3 series features an ultra-thin design at only 1.5" (38mm) total depth to seamlessly integrate with the new series of televisions with less than 2" of screen depth. These new plasma/LED speakers feature James' all new proprietary transducers, delivering maximum performance with elegant design.

Each bar is custom sized to fit each individual TV so the speaker can be seamlessly integrated with the TV. The cabinet design features all aircraft grade aluminum for strength, sonic performance, and suitability for outdoor/marine applications, allowing numerous color options as well.

Each SPL3 SoundBar comes equipped with high performance, low distortion woofers and tweeters to provide a high output, wide dispersion of sound across a broad range of frequencies. The slim design of this speaker makes it an ideal choice for recessing into an outdoor railing or post to provide integrated and discrete sound in any area. The optional James BRK.SPL3.UN universal bracket (sold in pairs) allows for easy mounting to most displays and has adjustments to make the SoundBar perfectly fit the look of the TV. For wall mounting, optional Z-brackets and U-brackets can be purchased separately.

For outdoor/marine applications, order the SPL3LCRM.

Size	4 h x Custom Sized w x 1.5 d (in) 101 h x Custom Sized w x 38 d (mm)
Freq Response	90Hz-22 kHz±3dB
Impedance	8 ohms/Channel
Sensitivity	86dB 2.83V /1m
Power req.	50 - 100W/Channel
Woofer	(6) 3.5" (89mm) High Excursion
Tweeter	(3) 1" (25mm) Neodymium Soft Dome
Finishes	STUDIOBK, STBK, GLBK, DKTl, LITI, MRSLV.
Brackets	Ordered Separately
