

PFC Bedroom Furniture Revival Row 9-Drawer Dresser P348100

Pulaski Furniture Website

www.pulaskifurniture.com

SKU: P348100

Availability: In Stock

Type: Double Dressers

Category: Bedroom

Collection: Revival Row

Number of Drawers: 9

Style: Traditional

Finish: Dark Wood

Brand: PFC

Product Description: Style meets practicality with the Revival Row 9-Drawer Dresser. Spacious drawers accented with antique copper hardware provide ample storage space for clothing, bed linen, and more. Drawers in varying sizes allow for versatile storage options. The case features simulated coffering that adds depth and architectural charm, bringing texture and visual interest to the overall design.

Collection Features: This collection gathers elements of traditional English and French designs, casualized for the modern consumer by its updated finishes and functional scaling. Capitalizing on the familiarity and interest of these rich histories, this collection of items, including both suited and individual pieces, is a compilation of two distinct but complementary lifestyles.

Status: Active

Finish: The Village Lane finish brings warmth and authenticity

Features: Traditional style and modern scale create a sanctuary where craftsmanship and charm coalesce

Nine drawers in varying sizes provide ample storage space to help keep your clothing, accessories, and other items organized

Simulated coffering and intricate carvings add a sense of depth and architectural allure

Material: Hickory Veneers

Drawer Construction: French and English Dovetail Drawer Construction

Frame Construction: Pulaski uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
