NOTES

Power lift mechanism makes it easy to get out of your seat, taking pressure off your back and legs

Effortlessly shift positions with a ten-button, 4-motor hand wand that controls the power lift, recline, headrest and lumbar

Lay-flat mechanism allows you to fully recline for a quick snooze or longer sleeping comfort

Built to last with our DualFlex Spring System™—sturdy steel ribbons attached to flexible coils that offer a wide range of motion and durability

High-density foam cushions with high-resiliency polyurethane foam core and a soft fiber wrap ensure comfort that lasts

Available in two color options of durable, cleanable 100-percent polyester fabric that will withstand everyday use by an active family

USB port built into hand wand for convenient charging

Power mechanisms allow you to smoothly recline to any position, adjust the headrest, and adjust the lumbar support.

Ten-button wired hand control on the right-hand side of the recliner allows you to control the reclining, headrest, footrest, and lumbar mechanisms independently. A single USB port is included on the top of the hand control.

A home feature returns the recliner, headrest, backrest, footrest, and lumbar support to their original positions.
