

# Fanciful Loveseat

## Caracole

Free-flowing and organic, Fanciful's soft curves are artfully accented by a quilted ginkgo leaf pattern, fanning out along the back and sides. Its nature-inspired design adds graphic interest and dimension, complemented by a curved plinth base wrapped in pearl vinyl. Expertly tailored in tonal gray performance fabrics, inside and out, and trimmed in contrast welt. For a finishing touch, we've added accent pillows in soothing neutral hues and a subtle pattern. Pair with the matching Fanciful swivel chair.
