

Simplicity is key with this premium gray end table. Featuring one single drawer and crafted with mango solids, this table is the perfect accent piece for almost any room.

Durable Build: Hekman designed this gray end table and drawer to last. With forged iron legs and frame, you can count on this end table to hold up to daily life. While the build is strong, the design is still detailedly beautiful.

Purposeful Function: Practical design meets a beautiful function with this end table. The Hekman gray table features a single drawer with wood slides and a hand-forged round iron bar pull. A solid mango lower shelf acts as the perfect place to rest magazines, remotes, and other small items.

Bedford Park: The stunning color of this piece is due to its unique gray finish. This involves a custom process of sandblasting on mango to bring out the unique grain patterns of the wood. Layers of black, white, and gray stains are applied and topped with a 5 sheen lacquer.

Ideal Size: Designed to match almost any sized room, this piece will fit perfectly into your living room, bedroom, or office space.

Hekman: For over 90 years Hekman Furniture has been a leader in fine wood and upholstered home furnishing for the Living Room, Bedroom, Dining Room, and Home Office that create beautiful and comfortable living spaces in the home.
