**Product Description:** Absolutely captivating, the Bien Ame Buffet is a luxurious piece that is approachable and inviting. With classic bones, the 3-door buffet features a shaped apron and cabriole legs and delightful decorative floral hardware. Crafted of Poplar and Hardwood Solids with Oak Veneers, it is finished in Porte Noir, a black paint with rich brown undertones with areas of heavy rub through and distressing to reveal a honey tone wood color. Doors have soft-close hinges, and there is one adjustable shelf behind each door.

**Collection Features:** Channeling jet setting socialites from the golden age of Hollywood as its muse, Hooker Furniture is set to launch a major expansion to its popular Sanctuary collection. The bedroom, dining room, occasional and home office pieces are grouped into three unique new personas, each of which embody the influences of the iconic starlets whom left impressions of glamour, charm and class on American pop culture. From bold and dramatic to soft and romantic to a statement-making eclectic lifestyle, the three personas – Collette, Anastasie and Diamant – effortlessly bring to life a well-traveled socialite who has curated a collection of home furnishings in her metropolitan home that tell the story of her travels across the globe. Collette, a bold and dramatic look, is characterized by its dark black painted finish which serves as the perfect backdrop for intense pops of champagne, silver and gold, along with eglomise mirror details and dramatic floral carvings.

**Finish:** Porte Noir: a dark, black painted finish rich brown undertones, rubbed to a medium sheen, with areas of heavy rub thru and distressing to reveal a honey tone wood color. Distressing includes rasping, chopping, worm holes and gouging. Decorative flower hardware.

**Finish Construction:** Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

**Frame Construction:** Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
