

FURRION®

Furrion Aurora® Partial-Sun 2 4K LED Outdoor Smart TV

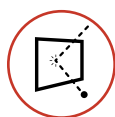

Designed for the ultimate outdoor entertainment experience, the Furrion Aurora® 4K UHD LED outdoor smart TV is packed with premium features like an XtremeShield™ IK09-rated impact-resistant screen for protection and RangeXtend™ external antennas for a stronger WiFi signal.

Built for the Outdoors

Invite your friends and family and take your entertainment outdoors with the Furrion Aurora 4K UHD LED outdoor smart TV! This outdoor television is uniquely designed for the ultimate outside entertainment experience, featuring a weatherproof TV housing that protects the internal components and delivers IP55-rated protection. The screen delivers a stunningly clear picture at 750-nit brightness and features HDR10 for a deep, rich contrast. It also features an XtremeShield IK09-rated impact-resistant screen to protect against collisions and scratches and is rated to withstand extreme operating temperatures.

Anti-glare, 750-nit LED screen for a clearer, brighter picture

XtremeShield™ IK09-rated impact-resistant screen for protection against collisions and scratches

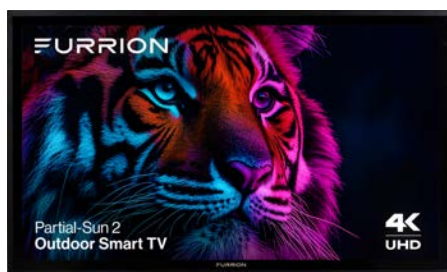

RangeXtend™ WiFi-boosting external antennas for a stronger signal

Features

- IP55-rated, heavy-duty weatherproof housing to protect against the elements
- Designed for partially sunny outdoor living areas like patios, decks, and yards
- Smart platform powered by webOS Hub allows for streaming your favorite apps, movies, and shows
- HDR10 for vivid colors and deep, rich contrast
- 4K ultra-high-definition for a better viewing experience
- Up to 4x brighter than standard indoor TVs
- Powder-coated metal casing
- Available in 43", 55", and 65" sizes
- Compatible with Furrion outdoor soundbars, mounts, and covers
- Can also be used for indoor areas where glare is an issue
- Includes standard remote with weather-resistant sleeve, Magic remote, (2) AA, and (2) AAA batteries
- Backed by a two-year warranty

Integrated smart functionality allows for easy streaming of your favorite shows and movies – no additional streaming device required

The 4K UHD picture of this outdoor TV and HDR10 provides vivid colors and deep, rich contrast to create a better viewing experience

Rain or shine, enjoy year-round outdoor entertainment with the IP55-rated, weatherproof housing that protects against the elements
