

## Product Features

36-Inch Masterpiece® Downdraft

### Performance

Downdraft rises 15" to capture heat, grease and steam from pots  
Designed to create the ultimate cooking system with Thermador cooktops  
Powerfully Quiet® and efficient in operation at 1.2 sones on low speed  
Engineered to allow for flexibility to exhaust at sides, front or rear  
Sleek, removeable front filter panel that acts as a splatter shield  
Grease mesh filters are dishwasher safe and easy to clean  
Select the precise fan speed needed with four different settings  
Automatic mode detects temperatures to adjust fan speed automatically  
10-min delay shut-off ensure lingering odors are whisked away  
Check filter reminder light illuminates after 40 hours of operation  
Blowers sold separately and required to complete installation  
Recirculation kit available, use with induction/electric cooktops only  
Replacement charcoal filters for recirculation kit sold separately  
Gas cooktop seal kit required to use with gas cooktops, sold separate

### Design

Design match to Thermador Masterpiece Series cooktops  
Suitable for wall or island applications  
Authentic, brushed stainless steel finish  
Sleek, smooth touch control make cleaning easy with a damp cloth  
Designed to allow for flexibility to exhaust at sides, front or rear  
Some blower positions may need deeper cabinets. See installation guide  
Additional accessories may be required for installation, see manual

Notes: Please refer to installation instructions. Installation instructions are available at [www.thermador.com](http://www.thermador.com). Specifications are correct at the time of printing. Thermador reserves the right to change product specifications and design at any time, without notice.
