## Description

Leon's Horizon Series ultra-thin soundbars are designed to complement today's thinnest TVs, providing high-performance audio in the slimmest possible enclosure. Built to match the exact width of any display, all of our Horizon ultra-thin models use audiophile-grade components to bring music, movies, and TV to life with stunning detail and authenticity— all in a cabinet as thin as 2.75". Perfect for mid to larger spaces throughout the home.

Recommended with Aaros A10-UT, Detail Ds33UX

Key Features

- Custom built to match the width of any display
- 3" ultra-thin, audiophile-grade woofers and 1" silk-dome tweeters provide extreme precision and musical detail
- 2.25" depth perfectly complements any ultra-thin TV
- Easily mounts above or below any TV, or directly to the wall with Leon's exclusive mounting brackets
- Available as Left/Center/Right, Left/Right or Center-only channels
- Solid MDF construction, handcrafted in the USA
