Product Description: Graceful and romantic, this enchanting soft gray chest is offered in a vintage French style with exquisite design details like gold leafing, shapely cabriole legs and a gold-leaf ornamental keyhole escutcheon on each drawer. Crafted of Poplar Solids and Gold Leaf, it features two drawers and is a compact 30 inches wide.

Collection Features: This enchanting chest is crafted from Poplar Solids and Gold Leaf. It features two drawers.

Status: Active

Finish: Light gray finish with gold accents. Distressing includes rub-through.

Features: Two drawers

Material: Hardwoods and Gold Leaf with Resin

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not

expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
