

STRETCHWICK® TECHNOLOGY

MattresSkin®

MATTRESS ENCASEMENT

Featuring StretchWick 3.0 technology, the MattresSkin® Encasement is like a time capsule for your bed, shielding the mattress from environmental damage that occurs over its lifetime.

Features:

- The encasement is designed with reinforced seams for ultimate waterproof protection.
- Provides a barrier against pet dander, bed bugs, dust mites, allergens and fluids.
- 3-sided invisible zipper.
- All-way stretch material will not affect the feel of your mattress.
- For additional temperature regulating technology benefits, BEDGEAR recommends layering with a **Ver-Tex®**, **Dri-Tec®** or **Hyper-Cotton™** Mattress Protector.
- Easy care, machine wash and dry on low heat.
