**Product Description:** Featuring an intricately carved floral patterned front and an opulent, oversized center pull in an aged silver tone, the Mélange 2-door Accent Console is a stunning focal point in a soft driftwood-tone finish with whitewash paint. One adjustable wood shelf behind the pair of doors and a ventilated back panel.

**Collection Features:** Come closer to Melange, and you will discover something unexpected, an eclectic blending of colors, textures and materials in a vibrant collection of one-of-a-kind artistic pieces.

**Status:** Active

**Finish:** An elegantly aged, soft driftwood-tone finish with whitewash paint. Distressing includes rasping and worm holes.

**Features:** One adjustable wood shelf behind pair of doors  
Ventilated back panel  
Light wood finish

**Material:** Pecky Pecan Veneers, Resin and Solid-Wood Edge Top

**Finish Construction:** Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

**Frame Construction:** Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not

expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
