FALSE BACKS

- Install false backs for storage spaces. This will prevent contents from falling through the vent space. In addition, warm air will not interfere with store contents.

4-Wire Brand Circuit

- Disconnect ground from neutral at free end of conduit.
- Connect the green ground wire from the oven to the ground wire in the junction box (bare or green coloured wire).
- Connect the red and black leads from the oven to the corresponding leads in the junction box.
