INNOVATIVE TECHNOLOGY

Discover the next evolution
in home theatre seating.

Available with 1, 2 or 3 motor power functionality.

Create personalized comfort by adjusting multiple elements of your seat with innovative technology. Power headrest and recline operate with independent motors for infinite positioning, with adjustable lumbar on select models providing an extra dimension of support.

Control every aspect of your seating with the touch of a button located on the cupholder, complete with a memory function that allows you to save the ideal position and return to it time after time. Additional convenience comes from the USB charging port and 7-colour, 3-intensity LED cupholder and ground lighting.

Select your favourite options and accessories to create the ultimate home theatre seating setup.
