

# Out & About

## Caracole

Designers love a nest of tables and with these, the possibilities are endless. The three tables are each a different size and shape. The largest table is a rectangular shape with a half circle on one side, which we thought would make it appropriate for a small lamp table. The middle table is round and the smallest table is a square. A slightly splayed Satin Ebony leg miters up into the Taupe Silver Leaf top for a sharp architectural detail.
