Product Description: With a look of natural elegance, the German Silver Console has a shimmery finish in German Silver Foil over Mango Solids. With a textured front, the console has four doors and one fixed wood shelf behind each set of doors with soft close hinges. Shelves are removable, and there's a ventilated background.

Collection Features: Looking for the perfect piece of jewelry for your room? Look no further than Hooker's line of accents. Select from character-filled and functional accent tables, chests, credenzas and console tables. Place front and center of your hallway, living room or foyer and top with things you love. Now that's instant style.

Status: Active

Finish: German silver foil

Features: Four doors

One fixed wood shelf behind each set of doors

Shelves are removable

Soft close hinges

Ventilated backpanel

Material: Mango Solids and German Silver

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
