

KINCAID

ITEM # 706-313SP

EASTBURN SLEIGH QUEEN BED - COMPLETE

The Eastburn Bed might be the centerpiece that your bedroom is missing. It has a scale that suits the master bedroom while its casual lines and natural solid wood character create a calming tone. A subtle curve creates definition across the individual solid pine boards allowing a view into its old-world construction. A matching footboard and fully integrated moldings on the side rails keep the look finished and clean.

- New Zealand Pine

Solid Wood - Made
using genuine solid
wood construction
