Hérons on Branch Bronze

1200-0913

New

Overall: 68"h x 31"w x 26"d

Finish: Bronze

Materials: Bronze

Item Weight: 92 lbs.

Mimicking a grand classic found in many Japanese gardens, the Herons on Branch Bronze sculpture is beautifully lifelike and evocative. Their open beaks and long legs are hyper-realistic, and their head, neck and wing plumes are so delicately rendered they seem to be fluttering in the breeze. The driftwood on which they are perched is equally naturalistic.
