

Experience the perfect fusion of practicality and elegance with this Hekman Drop Leaf Desk, designed to elevate and maximize your workspace. This desk boasts a three-drawer chest and a file drawer, offering ample storage for your essentials. Its unique feature lies in the drop leaves that gracefully hang from each side of the chest, allowing you to expand your work surface width to an impressive 66.25 inches with the support of two sturdy gate legs. Finished in a timeless black wood finish and crafted from Mahogany solids and veneers, it exudes a classic charm that complements any decor. The antique brass knob hardware adds a touch of sophistication to its design, making it not just a functional piece but a statement of style in your home or office. Discover the versatility and beauty of our Drop Leaf Desk, where form meets function seamlessly to enhance your workspace.
