Description: Drawer Writing Desk in Light Brown
Long Description: The Butler Specialty Company Nora collection combines clean lines and fine craftsmanship to create a timeless addition to your home office. With two pull-out drawers adorned with elegant round knob hardware, this modern writing desk brings both style and practicality to your workspace. Its contemporary design makes it a perfect fit for a variety of interiors, adding a sophisticated touch to any room.
Status: New
Materials: Acacia Wood, Acacia Veneer, MDF
Shape: Rectangular
Product: The color is light oak
Features: Exceptionally built using Acacia Wood, Acacia Veneers and MDF
Construction Details: Expertly crafted from solid Acacia wood, Acacia wood veneers, and engineered wood for

durability and lasting beauty. The solid wood frame is complemented by a veneer top and drawer fronts, all set over an engineered wood substrate for enhanced strength. The desk features soft-close drawers for smooth, quiet operation, along with tongue and groove wood joinery for stability. Equipped with side-mount glides, the drawers are easy to use, while the kiln-dried wood construction ensures longevity. Additionally, the desk is scratch and stain resistant, making it a practical and resilient choice for any home office. Drawer Interior Dimensions: 21"W x 12"D x 3.5"H

Shape is rectangular with 4 legs
Product Dimensions: 40"W x 22"D x 31"H, Item Weight: 50 lbs
Item requires some assembly with provided hardware

Complete your perfect look by mixing and matching your decor with the extensive range of products from Butler Specialty Company! Discover endless possibilities to express your style and create a space that truly feels like home.

Support bar sits 7.5"H and sits back 13.5"D from desk front to back

A key feature of kiln-dried wood is its enhanced durability and stability. By removing excess moisture through a controlled drying process, kiln-dried wood is less likely to warp, crack, or shrink over time. This process also reduces the risk of wood expanding or contracting due to changes in humidity, making it ideal for long-lasting furniture.

This piece combines wood veneer for a smooth, consistent finish with engineered wood for strength and durability. Engineered wood enhances structural longevity and allows for unique designs and functions that are challenging to achieve with solid wood alone.

Weight Capacity: 200 lbs

Ideal for use in Home offices, living spaces, hotel rooms, coworking areas, or boutiques.

To clean, wipe clean with a clean dry cloth and dust regularly. If spills occur, wipe spills with a damp cloth and dry immediately. No abrasives or household cleaners which can damage the product. Drink coasters are recommended
