## FEATURES & BENEFITS

### Complementary design

Designed to match the Fisher & Paykel family of appliances, the Vacuum Seal Drawer is the ideal companion product for our Professional style ovens.

### Three levels of vacuum and heat sealing

Vacuum seal food to intensify flavors, infuse marinades and retain freshness. Effortlessly prepare food for sous vide cooking in optimal conditions.

### Fresher food for longer

Vacuum sealing creates ideal conditions for longer food shelf life and storage. Lack of air exposure hinders the growth of bacteria and mold, preventing freezer burn and protecting your food.

### Easy to use

Soft-close with intuitive touch controls, our Vacuum Seal Drawer comes with a built-in accessory drawer for easy storage of vacuum bags and more.

### Easy to clean

The stainless steel interior can be wiped down with a damp cloth, while anti-fingerprint coating protects the stainless steel door panel from water, oil, dust, and fingerprints.

### Reduce food waste

Our Vacuum Seal drawers extend the lifespan of food by removing excess air, which is the prime reason for spoilage. Vacuum sealing allows you to buy food in bulk and safely seal it for longer shelf life. Our food-grade, BPA-free bags are an excellent storage option — these can be re-used if sealed and cut appropriately.
