4K & 4K Upscaling

Bring what's on screen into crystal-clear focus. Our 4K AI Upscaler transforms beloved classics, home movies, broadcast TV and even streaming content into striking 4K quality. It's amazing what can happen when every pixel works even harder.

Smart Screen Adaption System

Enjoy seamless entertainment with our intelligent screen adaption technology. Navigate easily and ensure your viewing experience remains uninterrupted.

Auto Magic AI Adjusting 2.0

65“ – 300” Projection Size

Create the ultimate viewing experience. This projector adapts to any screen size from 65” to 300”, so you can project onto a wall in your living room or a gigantic screen in your backyard.

Angle Adjuster

Calibrate your projector to your ideal viewing angle with a gimbal that can swing the machine 360° horizontal and 135° vertical. It's a breeze to project movies both on a screen and ceiling.

4K & 4K Upscaler

Bring what’s on screen into crystal-clear focus. Our 4K AI Upscaler transforms the low-resolution content into striking 4K quality. It’s amazing what can happen when every pixel works even harder.

2000 ANSI Lumens Bright

View whatever you’re watching in 2000 lumens of brightness, be it deep shadows or bright highlights. Your picture is that much more compelling when you’re taking it in with maximum vibrancy and detail.

Auto Keystone Correction

Delivers precise, sharp, proportionate projected images without manual adjustments for the ultimate viewing experience and flexible placement.

Seamless Auto Focus

Keep the image looking sharp and clear, no matter the distance between the projector and the screen. This feature also minimizes shaking or any minor movements.

Auto Obstacle Avoidance

Automatically identify objects that obstruct the screen and avoid them in the projection. Also, ensure the picture doesn’t veer off the screen, whatever the screen size.

Intelligent Eye Protection

Automatically dim the screen to protect your eyes when it detects people approaching, providing a comfortable viewing experience.

Auto Screen Adaptation

Automatically identify the screen and adjust the image to fit the screen. Optimize display without the need for manual adjustments, enhancing usability and accessibility.

Smart OS

Stream your favorite series and the latest movies directly to your projector. Watch all the hottest picks from Netflix, YouTube, Disney+ and more.
