Italian Brass Burner Craftsmanship - Hand-forged in Italy, DuoPro™ brass burners operate efficiently due to a natural oxidation process that forms a patina and deeper brass hue to protect from corrosion while withstanding high temperatures and resisting warping and deformation

Auto-Reignition Burners - Simmer, sear, saute, and steam across 6 dual-function burners that utilize automatic reignition innovation for improved temperature control and cooktop safety

Horizon Oven Window - Keep a watchful eye on your baking dishes through ZLINE's Horizon oven door design that features a triple-layered glass viewing window and aluminum mesh seal for superior heat retention

Powerful Convection Cooking - Easily handle multiple bakes thanks to a high-wattage convection fan that maintains steady heat distribution inside an expansive 5.2 cu. ft. oven that fits pans up to 26 in. wide for maximum space and convenience

Ultra Quiet Operation - Enjoy peace in the kitchen while ensuring temperatures are at safe levels via a built-in cooling fan that operates with minimal sound

Minimal Cleaning and Convenience - ZLINE's DuoPro™ Cooktop design lets you easily transfer skillets and pots from any burner you choose across a streamlined grate design that sits atop an elegant hand-finished one-piece porcelain cooktop that's easy to clean
