Dimensions

Depth	22 1/4"
Height	23 9/16"
Width	23 1/2"

Features & Benefits

- Generous capacity**

With a generous sized internal cavity, you can create several dishes at once using multiple shelves.
- Perfect results**

Our built-in ovens feature ActiveVent technology for optimized moisture levels, and AeroTech™ for even heat distribution. Get perfect results even when you're using multiple shelves.
- Multi-function flexibility**

Nine functions including Aero™ Pastry, Roast and Aero™ Bake mean no matter what you're cooking, you've got the right heat to match.
- Beauty of choice**

With the choice of stylish stainless steel or elegant black, you can choose the finish that complements your kitchen design best.
- Cleaning is simple**

The self-clean function breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth.

Safe and sound

The CoolTouch door features triple glazing and a cooling system that ensures it's safe to touch from the outside – protecting both your hands and the surrounding cabinetry.
