

DELEUZE CHAISE

JM-1013-02

A new aesthetic that blends the boundaries of art and design. The Deleuze chaise lounge is all about smooth curves and laid-back expression with its dynamically welcoming atmosphere. Deleuze's contours are harmonized with softness and balanced with sophistication as a lavish seating solution that's ideal for daybed corner composition or as an extension to your modular living room design. With a softly curved headboard that hugs you right in, its minimalist, overtly geometric, and playfully postmodernist form is a style of high ideals and bold support. With linen-blend upholstery, low seat height and expansive wide shape, Deleuze's comfort will never go unnoticed.

- Solid pine & plywood frame
- High-comfort foam cushioning
- Sculptural form
- Black powder-coated steel legs
- Some assembly required
