CLUBHOUSE SIDE CHAIR

The Clubhouse Side Chair exemplifies the merger of the Monogram Walnut collection's clean aesthetic and livable qualities. Designed with a balanced mix of angles and softly curved shapes, this dining chair works great in a range of spaces from modern to craftsman. Equally important in the design is the contrast of the natural Black Walnut wood tone with the light fabric upholstered seat. But rest assured, this isn't just any white fabric. The Clubhouse Chair features a textured fabric made with a boucle construction that includes a performance finish. This performance fabric allows for time to address basic cleaning in the case of spills.

- Seat Height: 19"
- Seat Depth: 19"
- Walnut

Solid Wood - Made using genuine solid wood construction
