

# WARRANTY

# CONFIDENCE THAT ENDURES

An exceptional outdoor space begins with trust—trust in the materials, the performance, and the people behind it. At Summerset, we craft every piece with enduring precision so your focus stays where it belongs: on slow mornings, golden-hour dinners, and the simple luxury of living beautifully under the sky.

Our **Gold Standard Lifetime Warranty** is more than protection—it's peace of mind that lets you build freely, entertain boldly, and enjoy every moment without hesitation. Because confidence is the foundation of a life well-lived outdoors.
