

Mirabelli Sideboard

107341

Rich with texture, this unique sideboard illustrates the beauty of mixed materials coming together in harmony. Features a grey solid mango wood frame with slate veneer on the door fronts. Completed with stainless steel legs in a brass finish. Made in India: with refined craftsmanship, this design was brought to life by skilled local artisans. By nature, these materials develop unique imperfections such as fissures, markings and colour variations for a truly one-of-a-kind piece. As wood is an organic, porous material, these pieces will contain natural variation of texture and may also exhibit fine indentations and cracks. Wood pieces will also display a disparity of colour and grain, and visible knots and burls that add to the character of each piece. Due to the organic material on the cabinet doors, variations in colour may occur on actual product.
