LOVESEAT | SM7306-LV

DETAILS:

A regal affair of contrast, lustrous soft chenille and walnut-finished wood come together to form a dynamic design that is truly magnificent in style. The gray fabric is the base upon which all the other elements rest upon: from the deep blue throw pillows to the oversized patterned pillow backs in navy. Upturned cabriole legs with faux wood carvings are more than just for looks; they help support the main frame which curves up and forms the structure for the rolled arms.
