Bristol Cream Dining Chair (WBD)
19.5" W x 23.5" D x 37" H • 17.11 CUFT • 64 lb.

Rehab your dining room with these beautifully modern Bristol vegan leather dining chairs. Soft cream vegan leather is the star of the show when it comes to this Bristol chair, giving you the rich, upscale look of leather without the added care requirements of the real thing. Channel tufting on the chair's back adds visual and textural interest while keeping the padding inside aloft and preventing shifting. A black finished solid wood frame in a contrasting woodgrain adds contrast and ensures this dining chair is a showstopper.
